WB

Weighing Balance

Features:

1) 1/30,000 and 1/60,000 display resolution available
2) Auto calibration
3) Weighing, counting and percentage modes
4) Setting the usable units from 13 weighing units
5) High resolution switch function to display 10 times
6) Divisions (approved model only)
7) Default unit selectable; auto-off timer setting
8) Backlight mode setting; digital filter setting; adjustable
9) Gravity value and external weight calibration
10) 1/15,000 non-linearity for 1/30,000 model and 1/30,000
11) Non-linearity for 1/50,000 and 1/60,000 model
12) Full duplex RS-232 interface and wind shield included
13) Low power indication, time indication, and auto power off
14) Easily adjusted leveling feet for stability of the scale

Options:

1) RTC card
2) 6V/1.2Ah rechargeable battery

Specifications

Model	Capacity	Accuracy Resolution
WB-150	150 g 0.005g	1/30,000
WB-300	300 g 0.01g	1/30,000
WB-600	600 g 0.02g	1/30,000
WB-1200	1200 g 0.02g	1/60,000
WB-1500	1500 g 0.05g	1/30,000
WB-3000	3000 g 0.1g	1/30,000

Pan Size (W*D): capacity < 1200g, Φ120mm (round) capacity > 1200g, 151*126*6.5mm (square)
Dimension(W*D*H): 184*264*75mm
Display : LCD, 6 1/2 digits, 16 mm (Height), LED backlight
Maximum Humidity: 85% relative humidity
Power Supply:
1)DC 9V adaptor
2) 4UM-2 1.5V dry batteries (not included) or 6V/1.2AH rechargeable battery (optional)

Operation Temperature: 5°C ~ 35°C (41°F ~ 95°F)
